Dear Discovery Thx Patients-

As you know, COVID-19 infections are on the rise in Lewis County. We wanted to provide an update regarding safety measures we're taking at the clinic to keep us all safe.

## What we've already been doing-

1. Everyone that is eligible for vaccination has been vaccinated in our home
2. All areas are sanitized between patients
3. Windows and doors are opened frequently to circulate air
4. As always- We ask that if you have a fever- for any reason, that you choose to reschedule your appointment.

## Additional precautions we're adding-

1. An air cleaner with a HEPA filter has been added to the treatment room. Air is filtered every 15 minutes.
2. Per recent CDC recommendations we will now be wearing masks indoors regardless of vaccination status. Please bring a mask with you to your appointment.

Thank you for joining us in protecting the most vulnerable among us. If you have any questions, please feel free to contact us.

Regards,

Adam & Julie Gullett, Owners
